**Subject:** Objections - Frye ex parte communications, no authority to seek expedited hearing  
**Attachments:** 190516 order appointing parenting coordinator PC.pdf; Feb 20 updated pc order post statute.pdf

Dear Valerie,

A couple of objections:

**1. Ex Parte communication with court**

I object to Ms. Frye's ex parte communication with the court - she is specifically prohibited in her appointment order attached, from so doing – see first attachment **P4, 9C**.  
If there are any further ex parte communications, please copy the parties who I understand are both Pro Se and allow sufficient time to respond.

**2. Ms. Frye has no authority to request expedited hearing**

Maybe the court had me on mute during the WebEx, but I respectfully objected to Ms. Frye's request for an earlier date. I'm renewing that objection now.  
Ms. Frye alleged - falsely – that she has authority to request an expedited hearing. As she is well aware she **has no such authority**.

Ms. Frye as appointed in May 2019, prior to the entry of the present PC statute in October 2019.  
Her appointment order and all others originating at that time **did not confer PC's any authority to request an expedited hearing**.  
See Ms. Frye's' appointment, p7B Recommendations first file attached - nowhere there or elsewhere in her appointment does it provide her authority for an expedited hearing.

I'm attaching a copy of a PC appointment under the new statute for the court's .

The statute she referred to is **not retroactive**. Ms. Frye is required by both the prior and new statute to **abide by the terms of her appointment order**.

The court respectfully continued this hearing to July 14<sup>th</sup> today - it respectfully must remain set for that date.  
Please let me know if more formal objection is required.

Patrick.

Valerie,

I wanted to confer with you about an earlier date for my PC report. The statute requires a hearing within 4 weeks, and my report was filed on February 16, 2021. I wanted to see if April 19 or May 12 would be options. As a note, on May 12, the Rocha FPT (#9) will be removed shortly as

consent orders on all issues are in the process of being signed. The PC report would only need one hour.

If I can be added to one or both dates, I can go through the process of asking the Judge to reset the issue to the earlier date. In Court, we were given July 14, which is almost 5 months after the report has been filed.

Thank you for any assistance.
